THE REAL QUESTION.

The real question of disease is "Can I be cured?" If you or anyone dear to you is losing strength, flesh, energy and vitality, if you are wise you will not spend time trying to figure out just what name to call the disease by.

It is almost impossible to draw the line where debility and weakness merge into consumption. Your trouble may not be consumption to-day, but you don't know what it *may become to-morrow*. Hundreds of people have been restored to robust health by Dr. Pierce's marvelous "Golden Medical Discovery" after reputable physicians had pronounced them consumptive beyond hope.

Were they in consumption? Nobody can ever know. The important point is that they were hopelessly ill but this matchless "Discovery" restored and saved them.

"I was not able to do hardly any work at all," says Mrs. Jennie Dingman, of Vanburen, Kalkaska Co., Mich., in a most interesting letter to Dr. Pierce. "I had pain in my left side and back, and had headache all the time. I tried your medicine and it helped me. Last spring I had a bad cough; I got so bad I had to be in bed all the time.

"My husband thought I had consumption. He wanted me to get a doctor, but I told him if it was consumption they could not help me. We thought we would try Dr. Pierce's Golden Medical Discovery and before I had taken one bottle the cough was stopped and I have had no more of it returning. Your medicine is the best I have taken."

Write to Dr. R. V. Pierce. He will send you good, fatherly, professional advice, in a plain sealed envelope, absolutely free. His nearly 40 years experience as chief consulting physician of the Invalids' Hotel, at Buffalo, N. Y., has made him an expert in chronic diseases.

Constipation causes and aggravates many serious diseases. It is thoroughly cured by Dr. Pierce's Pleasant Pellets.

MEN ARE POWERLESS

To Fight Against Disease Unless They Strike at the Underlying Cause.

To treat Dandruff, and Falling Hair, with irritants or oils on which a parasitic germ will prosper, is like scooping water from the ocean to prevent the tide from rising.

You cannot accomplish a satisfactory cure without having a right understanding of the fundamental causes of the trouble.

You must kill the Dandruff Germ.

Newbro's Herpicide does this because it is specially made to do that very thing.

When the germ is removed, the hair has no choice but to resume healthy growth and beauty.

"Destroy the cause, you remove the effect."

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Body of Murderer Found.

The body of Charles Herzig, who left a written confession that he was guilty of a murder committed near Youngstown, Ohio, over 30 years ago, has been found by searchers. It was hanging to a tree in a secluded ravine in Wallace county, N. D.

Pinned to Herzig's breast was a piece of wrapping paper, on which was written the following.

"My name is Charles Herzig. Over 30 years ago I murdered a young girl named Lizzie E. Grombacker, near Youngstown, Ohio. Charles Sterling, an innocent man, was tried, convicted and hanged for the murder of the girl. If my body is ever found, notify my mother, Catherine Herzig, at Girard, Ohio."

Around Herzig's neck was a shred of thin green stuff such as women use for face veils. It is recalled by a former Youngstown man that Lizzie Grombacker wore such a veil when murdered and that part of it was used to strangle her.

The place found about Herzig's neck is supposed to be the remainder of the veil, as he showed such a piece to a fellow ranchman, to whom he told the story of his crime, declaring that he had kept it all these years to use in ending his own life some day. Herzig said in his confession to the rancher that after committing the murder and exchanging shirts with Sterling, he went to Warren, Ohio, where he was employed as a gardener by a lawyer named Ratliff. After Sterling's arrest and trial Herzig fled to Mesopotamia, Ohio, where he remained in hiding until the eve of Sterling's execution, when he stole a horse and went west. He settled in Telluride, Col., where he married. Ohio people commenced to move in, and becoming frightened, he deserted his wife and child and went to Death Valley, in California. Since then he had been a wanderer.

Farmers' National Congress.

The Farmers' National Congress, at its second day's session in Richmond, yesterday, heard the question of tariff discussed at some length by Congressman L. F. Livingston, of Georgia, whose subject was "The Tariff As It Affects Agriculture." Colonel Livingston contended that a high protective tariff is most injurious to the farmer. Where the manufacturer, he claimed, received $4.50, the agriculturist got only $1, and it is not right under such conditions to burden the farmer with an extraordinary tax. "Under free trade," he said, "rural wealth doubled in 10 years; it did not quite double in 30 years under high tariff. In 1850 farmers owned more than half the land here; in 1900 they owned one-fifth. If that ratio goes on, what will we own 50 years hence?" Mr. Livingston urged the farmers to have their representatives working in Congress for them. He said every other interest had paid attorneys lobbying at the national capitol. The subject was discussed along the same lines by A. L. Martin, of Pennsylvania; W. F. Brown, of West Virginia; T. N. Black, of Illinois, and H. P. Sherman, of Indiana.

Congressman H. C. Adams, of Wisconsin, delivered an interesting address on "The Federal Government and the Farmer." There were addresses on "The Agricultural Resources of the South," by J. Bryan Grimes, of North Carolina: on "Government Expenditure in Relation to Agricultural Interests," by Charles A. Carlisle, of Indiana, and on "Climate, Soil and Development," by Will B. Powell, of Pennsylvania.

Among the resolutions offered yesterday was one recommending the legislators of the various States and Territories make appropriations for the holding of county farmers' institutes as the only means of reaching the mass of the farmers.

Three Engineers Killed.

Three young civil engineers in the employ of the Delaware, Lackawanna and Western Railroad were killed by a work train last night while returning to Cortland, N. Y., on a hand car. They were J. M. Rowe, of Binghamton, N. Y.; H. O. Biesecker, of Lesterehire, N. Y., and J. R. Funk, of Binghamton, N. Y. The three engineers arrived at Cortland yesterday morning and had spent the day at work on the Cincinnati division of the Lakawanna Railroad. Completing their labors for the day, they boarded a hand car and began the journey to Cortland. When three miles from Cortland they were overtaken by a work train, also bound for Cortland. The engineer of the work train was in the rear and a watchman was stationed on the forward car to keep a sharp lookout on the track ahead. Last night the watchmann said the train was running due west at the time of the accident and that he could not see the hand car, being blinded by the rays of the setting sun. The engineers did not see the approaching train in time to jump, and they were killed almost instantly.

Held Up by Whisk Broom.

At the point of a whisk broom handle, which he thought was a revolver, Harry Fleischman, of Buffalo, stood for nearly an hour with his hands over his head in the bedroom of Mr. and Mrs. Frank W. Bishop, of Middletown, N. Y., early yesterday morning, waiting for the police to come and take him to jail. Fleischman is about thirty years old and evidently a professional burglar. He gained entrance to the Eldorado flats, and after inspecting several of the apartments, got into Mr. Bishop's rooms. The latter, hearing a noise, got out of bed and opening his bedroom door ran against the burglar. Grasping his arms, he yelled to his wife to get him a revolver. Knowing there was none in the house, Mrs. Bishop snatched a polished handle whisk broom and put it in her husband's hands. Mr. Bishop pointed the whisk broom full at the robber, saying: "Throw up your hands, if you move I'll blow your brains out." The man threw them up. In the meantime Mrs. Bishop ran into another room and telephoned the police, and the burglar was taken into custody. He was held for the grand jury. At the hearing the burglar was much crestfallen to learn that he had been "held up" by a whisk broom.

It would have been incredible brutality if Chas. F. Lemberger, of Syracuse, N. Y., had not done the best he could for his suffering son. Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

THURSDAY EVENING. SEP. 14, 1905.

PREACHING young people into matrimony has been successfully practiced by Rev. J. W. Nickelson, of the First M. E. Church, in Palmyra, N. J. Six young couples, all attendants of his church, have linked their fortunes for life in the last few days, while seven more couples have announced their engagements and intention of speedy marriage. The sermons which have proved so influential in deciding bashful swains to take the plunge and timid young maidens to agree to run in double harness henceforth, were delivered at Sunday evening services when the congregations consisted largely of the younger members of the flock. As there are between 200 and 300 unmarried members of the church Pastor Nickelson had fruitful soil for his words to flourish in, and as the marriage epidemic seems to be spreading in his congregation with more speed than the cholera is in Europe, there is no telling how many blushing brides and stammering grooms will pass over a wedding fee to their pastor before the effects of his stimulating sermons have died away. So impressed were many members of the congregation with the sermons of this aid-de-camp of Cupid that they were not doing their duty by their country in remaining single and that if they waited much longer the future prospects of a comfortable home would look blue that 12 of them hastened to their minister and took the mutual vows which made them feel more comfortable on the score of a home. Engagements between 14 more young people of the town have been announced within a few days, and it is rumored that a number more will be announced during the coming week.

AN eighty-year-old book recently picked up at a second-hand book store in Washington raises the question as to whether there is any reason for the pride Secretary Wilson shows in his corps of sleek and well-fed scientists, who, he declared a short time ago, were half starved when he came to the headship of the Department of Agriculture. The book is "The Memoirs of the Philadelphia Society for the Promotion of Agriculture." It was published at Philadelphia in 1826, and contained matter then five years old. In the memoirs is an article by John Blomfield, an Englishman, who wrote in 1821. In this article he wrote: "I shall now give you the method of preparing and inoculating land for permanent pasture." Soil inoculation is one of the things on which Dr. Moore, one of the scientists who resigned from the department because of revelations respecting nitro-culture manufacturing enterprises, built his reputation. He has been held up as practically the inventor of soil innoculation. The old book shows that soil innoculation is one of the things known long before this government ever thought of establishing a Department of Agriculture.

THE INROADS being made by manufacturers of adulterated foodstuffs are menacing the health of the nation. Such was the announcement yesterday of Professor Eugene Girard, expert of the Hotel Stewards' National Association, which is in session at Atlantic City. Professor Girard based his statement on 2,000 examinations and upon personal experiments of the effect of adulterations upon animals, which suffered, wasted and died from the effects of the poisons in foodstuffs. Prof. Girard but reiterates what people have been asserting for the past third of a century, and that many persons die from slow poison in food is the belief of the large majority. Other countries have enacted laws which in a measure minimize the danger from adulterated food, and impose severe penalties upon unscrupulous manufacturers of canned goods and other articles of consumption, but in the United States those who adulterate seem to have as firm a hold upon law-makers as have the trusts.

WITH three sweet-faced children, ranging in ages from 1 to 5 years, at her side, a well-dressed woman was found helpless on the sidewalk at Hudson and Federal streets, Camden, N. J., last night She was too much intoxicated to give her name. The children were endeavoring to get their mother upon her feet when a policeman appeared. There are many object lessons in life, and intemperance causes numerous scenes. A drunken man excites the commiseration of many, but when a woman so far forgets herself as to put an enemy into her mouth to steal away her brains the sight she presents is sad. Recent developments show that this species of debauchery is by no means restricted to those in the lower walks of life, but that women in affluence and supposed to move in different circles often tarry too long at the wine for their good.

IT HAS frequently been stated in the Gazette that the weekly reports sent from China to this country stating that the boycott against American goods had ended were a little suspicious. Now comes a dispatch from Shanghai which says the American boycott in China is not only a commercial menace, but is now considered by many to be the forerunner of an anti-foreign agitation. Business men in Shanghai who at the beginning were inclined to laugh have been astonished at the manner in which the propaganda has been promulgated in the interior.

RECIPROCITY republicans in Massachusetts demand that the State convention of their party adopt a plank declaring for free hides, coal, iron ore, lumber and wood pulp, that many other duties be reduced and that only persons favoring these views shall be nominated by the convention. Last year, says the Philadelphia Record, the reciprocity republicans made a little, but only a little, impression upon their party, but they are keeping up the fight and showing signs of growing strength.

THE suggestion of the Philadelphia North American that what the country needs is a company that will insure policy holders against their directors, will be indorsed by every property holder in the country, especially after recent insurance developments in New York.

From Washington.

[Correspondence of the Alexandria Gazette.]
Washington, D. C., Sept. 14.

Officials of the State and Navy Departments were much disturbed this morning over the publication of the intention of the United States to send a warship to Nicaragua with Minister Merry aboard to protect Mr. William S. Albers, the American citizen who has been thrown into prison for an alleged insult to the President of Nicaragua. It appears that the order to send a vessel to Nicaragua was given by the President and it was greatly desired to maintain the strictest secrecy about the intentions of the government. While there is absolutely no doubt that the United States will send either the gunboat Princeton or some other war ship to Nicaragua, no confirmation is vouchsafed by the State or Navy Departments. Because of reports received here from agents of the government in Nicaragua the President has decided that drastic action is necessary to uphold the dignity of the United States and to protect Mr. Albers and his brother, both of whom are still in a Nicaraguan prison without cause. The matter is considered very serious by the government and the Nicaraguan authorities will certainly be made to render justice to the American citizens whom they have in prison. There is reason to believe that Minister Merry has urgently asked that a warship be sent to support any demands he may make upon Nicaragua and that his recommendation has received the unqualified approval of the President and the authorities at the State Department.

President Samuel Gompers, of the American Federation of Labor, has issued a circular letter enlisting the aid of the federation members for the striking shirt waist and launder workers at Troy, New York, 700 of whom have been on strike for 6 weeks, having refused to use machines in the starching process at a reduction from 4 cents to 2 cents per dozen collars. President J. W. Smiley, of the Troy local union, asked the aid of all the union men in pressing the strike. The national organization has approved the strike and endorses the appeal.

In the further investigation into the leak of the cotton reports of the Department of Agriculture, the officials will have to proceed without the direct testimony of John Hyde, formerly chief statistician of the bureau of statistics. Special Counsel Beach in charge of the cases has received from Mr. Hyde, who is now in England under the treatment of physicians and visiting relatives, an affidavit, setting forth what he knows of the case. This statement was made at the request of Mr. Beach when Mr. Hyde wrote to Secretary Wilson some time ago that his return to America would be delayed until he could consult with his physicians. Further then its going into details and answering certain questions which the attorney desired information upon, nothing is made public in regard to the affidavit. It is believed that Mr. Hyde will not be urged further to return.

The State Department has cabled U. S. Minister Beaupre, at Buenos Aires asking for information about the reported intention of the Argentine government to establish a prohibitive tariff on parts of agricultural machinery necessary for repairs. He has also been instructed to do what he can to secure a modification of the proposed tariff.

No action has been taken by the Civil Service Commission in the case of William R. Lieb, assistant United States Treasurer at Philadelphia, Pa., according to Chief Examiner Kiggins. Papers were filed, however, sometime ago, charging pernicious activity in politics in direct violation of the civil service rules and the collection of campaign funds from government employees, both of which were preferred by the Civil Service Commission, but the case was apparently dropped. The new charges which have been forwarded to Oyster Bay charge Lieb with the violation of President Roosevelt's order prohibiting federal officeholders from taking part in politics and alleged that the assistant treasurer had created public scandal by his activity in political matters in Schuylkill county.

The Commissioner of Internal Revenue today decided that the manufacturers of patent medicines composed largely of distilled liquors must after December 1, 1905, take out license as rectifiers and liquor dealers, and that druggists and others handling the goods in question, must pay the license required by law of a retail liquor dealer. In a letter of instruction just sent to internal revenue collectors, Commissioner Yerker calls their attention to the existence of a large number of compounds on the markets that sell as medicines but are chiefly composed of distilled spirits.

It is said here that nothing has yet been done about appointing an assistant to Mr. Talley, who was appointed U. S. District Attorney for the Eastern district of Virginia this week, but it is probable that Virginia republicans will urge Mr. Talley not to make an appointment of an assistant at this time, so that in case Judge Lewis is defeated for governor his friends may have opportunity to again urge his reappointment as United States Attorney. Just what will be done on this question is not known here and will depend upon Mr. Talley, but the Department of Justice would like to see it arranged so that Judge Lewis can return to his old post after November. Although Mr. Talley has been named for the place, it is pretty well understood he will gladly give way to the reappointment of Judge Lewis next November.

Nominations for officers of the National Association of Master Bakers for the ensuing year were made this morning. Elections for contested offices will be held tomorrow. Adolph Boettler, of St. Louis, who, as vice president, has presided over the present convention, and J. Howard Smith, of Kansas City, Mo., were nominated to succeed Martin Simon, of Cincinnati, O., as president. William Freihofer, of Philadelphia, Pa., was the only candidate nominated for vice president, while Charles E. Abbott, of New York city, and H. R. Clissold, of Chicago, Ill., were the only candidates nominated to succeed themselves, respectively, as treasurer and secretary. The next convention will probably be held in New York city.

Consul General Sammons, at Nieuchwang, has cabled to the State Department the important information that the Japanese government has removed all restrictions on shipments of goods by river into the interior of Manchuria and that large quantities of American products and manufactures are now being sent forward. Mr. Sammons also says that the Chinese officials of Nieuchwang have given him a banquet at which they declared that the boycott against American goods had been suppressed. This is taken here to refer to the boycott as it had manifested itself at Nieuchwang. The seriousness of the boycott situation in China proper is the subject of a mail report to the department by United States Consul General Rodgers at Shanghai.

Miss A. W. Wildey, of Washington, was found dead in her room at the Manhattan Hotel, in New York, yesterday, shot through the right temple and with a cup near her containing the dregs of a poison. A revolver, with one empty chamber, which lay beside the body, caused the coroner to begin his investigation on the theory that the young woman had taken her own life. A note was found in the room signed "Miss W. A. Wildey," containing only the statement that her body would be called for. The woman registered at the hotel Thursday. She was well dressed and of good appearance.

According to telegrams received from Belgrade, a plot has been discovered there and at Sofia to foment a general outbreak in the Balkans, with a view of compelling the interference of the powers, in the hope that Macedonian autonomy would be proclaimed. The alleged plot, the telegrams say, included an intention to assassinate King Peter of Servia and Prince Ferdinand of Bulgaria. Those engaged in the plot at Sofia have been imprisoned. It is added that the recent attempt to assassinate the Sultan of Turkey in the court yard of the mosque at Constantinople is supposed to have been the work of the same organization.

Union labor once more barred the way of a funeral cortege in Chicago yesterday. The incident occurred when Mayor Dunne and members of the city council started from the city hall in carriages to attend the funeral of Alderman Patterson. As the aldermen were entering the carriages W. J. Gibbons, business agent for the cab drivers and delivery men's union, discovered that the drivers were not wearing their union buttons. He at once went to each driver and ordered that the union buttons should be displayed prominently or he would not permit the carriages to start. Those drivers who had no buttons, but were union members, had to purchase them from the business agent

Nearly 1,000 Episcopalians, clergymen and laymen will next week go into a "retreat" from the world, and will for four days lead a communal life in Chicago, much like that of monks in a cloister. The "retreat" will be in the tower group of buildings at the University of Chicago. The participants will be the delegates to the twentieth annual convention of the Brotherhood of St. Andrew. This great denominational fraternity numbers 18,000 members. The idea of the "retreat" will be carried out consistently during the four days the delegates will be in Chicago. The delegates will not necessarily be cut off from the world, but those who wish may live so as to see no one except members of the brotherhood from Wednesday to Sunday evening.

A dispatch from Winchester states that Major Edward Contee Johnson, son of the late Hon. Reverdy Johnson, United States Senator and Minister to England, dropped dead shortly before sundown yesterday evening at his country place, at Millwood, Clarke county, from an attack of apoplexy. The illness was very sudden and unexpected and Major Johnson expired before a physician could be procured. Up to the time he was seized he was supposed to be in robust health. Major Johnson was formerly lessee of the famous old Tyler House, of Baltimore, and had been living in Clarke county two years. He was about 60 years old and leaves a widow, two daughters (Miss Mary Bowie and Annie Johnson) and a number of sisters and brothers living in various parts of the country.

Black Horse Cavalry.

The Black Horse Cavalry were raised in Fauquier county, and were in the Fourth Cavalry (Fitzhugh Lee's old regiment). They served with their commander during the campaigns, but when Lee's army went into winter quarters the Black Horse were sent to their native county, which was inside of the enemy's lines, with instructions to do all the damage they could. And they did it. The men were on their native heath, knew every hog path and cattle track, could traverse the country as well by night as by day, were in close communication with each other, and, stimulated by a fiery enthusiasm and generous rivalry, they were a scourge to the Army of the Potomac.

The reunion of the command this year was held at the lovely residence of Comrade Melville Withers, adjoining the Fauquier White Sulphur Springs, on September 6. Mr. Withers was one of the most gallant men of that gallant band. Twenty-eight answered the roll call. An elegant entertainment was served which the veterans attacked with their old war-time ardor. No speeches were made, and the day was passed in a quiet but most enjoyable manner. Many of the most noted scouts of the command were present.

John P. Robinson, of Alexandria; Moses Green, who represents the county in the Legislature; Edward Armstrong, R. A. Hart, the tallest man in the command; E. C. Cold Wave.

Geneva, N. Y., Sept. 14.—A cold wave descended upon this city and vicinity last night and gardeners and florists report the first frost of the season this morning. It was a real nipping frost that brought fear for the safety of many of the crops.

New York, Sept. 14.—The weather today is clear but cold. Beginning last night, the temperature took a decided drop and it was the coldest night of the present season. Frost is reported in many sections of the State resulting in considerable crop damage.

Kane, Pa., Sept. 14.—Half an inch of snow fell here last night, and this morning. At other places along the Philadelphia & Erie Railroad line, snow flurries are also reported. The weather is decidedly cold.

Boston, Mass., Sept. 14.—Only the high wind which prevailed all night saved the cranberry crops in the Cape Cod towns from destruction by heavy white frost, which, as the result of the sudden and unexpected drop in the temperature, has covered the lowlands of Maine, New Hampshire, Vermont and Massachusetts like a sheet. Temperatures all over the New England States fell materially, in many places reaching the freezing point. Snow fell in northern Vermont, in northern New Hampshire it rained heavily, followed by a sudden drop in the temperature of 33 degrees, and today the entire White Mountain district is especially deserving of the name, for it is white with heavy frost. The freezing point was reached at Augusta, Maine, Concord and Fabyan, New Hampshire

Sentence Quashed.

Constantinople, Sept. 14.—The Court of Appeals has quashed the sentence of death pronounced on Ghirkis Vartanian, the naturalized American citizen, condemned for the murder of the Armenian merchant Unkjian. A new trial has now been ordered for Vartanian. United States Minister Leishmann recently took up the case of Vartanian. The Turkish police denied the American consul permission to communicate with Vartanian, refusing to recognize him as an American citizen, as he is an Armenian by birth. A formal protest was then lodged with the Porte by Mr. Leishmann.

Manchester, Eng., Sept. 14.—More operations of the dentist, who for some time had an office here and who is supposed to be the American bigamist, Dr. Witzhof, are coming to light. The latest victim of the bigamist, it develops, was a beautiful 20 year old girl, whose name is Alice Bell. She was married to the supposed Witzhof, who used the name of A. C. They did not state definitely what the Baron's ailment is, but said it might be typhoid fever or gall stones.

Yellow Fever.

New Orleans, Sept. 14.—There have been 16 new cases in Patterson yet the death rate remains small. At Riverside plantation, where there is a population of 191 people, there have been 180 cases of fever. At Lake Providence there were three deaths and seven new cases. Madrid, Sept. 14.—Sixteen gypsies, members of a party of twenty-one, which was camping on the bank of a river near Valencia, were drowned last night by the sudden rising of the river. A storm overtook the gypsies in their camp, and the heavy rain caused the river to rise suddenly to an unprecedented height, flooding the camp with the result stated.

Execution of a Murderer.

Raleigh, N. C., September 14.—Will Adams, a negro, was executed in the county jail here this morning for the murder of Mary Bridgers, colored, and her infant child, over a year and a half ago. Adams was convicted on circumstantial evidence, but there appears to be no doubt of his guilt. The execution was private.

The Treaty.

Tokio, Sept. 14.—Premier Katsura today called all of the local governors to the palace and, after informing them that the treaty of Portsmouth meets with the full approval of the government, took occasion to appeal to their love for their country to use all of their personal influence to impress on the people at large the fact that the concessions obtained by Japan through the provisions of the treaty will mean very much to the future welfare of the nation.

Yokohama, Sept. 14.—Troops are still on duty here guarding foreign consulates, churches, settlements, and hotels although there is no outward indication that there will be any further trouble, and last night passed off quietly. The anger of the mobs has up to the present been entirely directed against the police and the placing of soldiers on guard was appeased the crowd, inasmuch as the soldiers are very popular. Tuesday night's rioting was the direct result of agitators of the Young Japan movement who made speeches on the several street corners and inflamed the populace so that a direct attack was made on the police boxes which were burned. So soon as the troops arrived from Tokio, the mob dispersed. Many arrests have been made.

Thousands for Wife's Release.

A mother's desire to see more of her boy, now in the custody of his father, has brought out the story of how a rich New York cotton broken paid the husband $5,000 to set her free so he could wed her. The woman is Mrs. Paul McCormack, who is living at 316 west Ninety-fifty street. She was formerly the wife of C. E. Converse, a Poughkeepsie merchant. The record of this agreement, by which Converse sold his wife for $5,000, is filed in the Duchess County Court. It is a written agreement, by which Mrs. McCormack agreed to secure for Converse $5,000 for himself and $2,000 for his lawer if he would get an absolute divorce. The agreement was carried out and then McCormack married Mrs. Converse. Mrs. McCormack did not know of how she had been bartered, according to her lawyer, A. H. Hummel. The woman said today: "I did not know until long afterward that Mr. McCormack had paid Mr. Converse any money. I agreed to the suit to avoid publicity, and with the stipulation that I was to see my boy when I desired. I have been allowed to see him only three hours a month, and so I have started a new fight, and all this has come out."

Foot in a Frog.

Philadelphia, Sept. 14.—With his foot caught in a railroad frog at Ninth and Jefferson streets last night, Joseph Whisczek shrieked in vain for help as a freight train was backed, rapidly toward him. The noise made by the rumbling freight cars and the locomotive drowned his voice and he was knocked down and horribly mangled before the engineer knew that there had been an accident. When found both legs were completely severed at the hips, the left still caught in the relentless grasp of the frog; both hands were cut off, several ribs fractured and the skull was laid bare. He was taken to St. Joseph's Hospital, where he expired within an hour without regaining consciousness. Whisczek was hunting for work, and while walking disconsolately across the tracks his feet caught in the deadly frog. Although he worked desperately to free his foot the train reached him before he could free himself.

Struck by Bridge.

Providence, R. I., Sept. 14.—While seven young men were stealing a ride on top of an express freight bound for this city, three were struck by a low bridge and, writhing in agony, were held aboard by the others only after a terrible struggle lasting hours. One, who is the son of the Chief of Police of Middletown, Conn., has died of his injuries, another may die, while the third is likely to recover.

Letter to H. W. Wildt.

Alexandria, Va.

Dear Sir: Would you like to hear of a 20 year paint?

Mr James A O'Neil's house, Henderson, N C, was painted 20 years ago with Devoe lead-and-zinc, and never painted again till last year; it then looked better than common paint in half that time.

The reason is. Devoe is all paint and true paint; while the common paints are part true and part false. Don't pay to monkey with paint.

And Devoe costs less then any of 'em; not by the gallon, of conrse; by the house and year. That's how to reckon it. Go by the name

Yours truly,

Accuses Mr. Lipscomb.

Thomas M. Fields in a petition to be made co-defendant in the suit of the Washington Beneficial Endowment Association against the Commercial Life Insurance Company, filed in Washington yesterday in the District Supreme Court, made charges against Andrew A. Lipscomb. The petition is in reply to that recently filed by the latter.

"I aver and am prepared to prove, not only by the documentary and parol testimony in the second trial, but by other far more important and material evidence which was not produced or offered at the trial, including various credible, disinterested witnesses having distinct personal knowledge of the facts, only one of whom was compelled to give such facts on his second trial, that Lipscomb received into his personal possession and retained about $12,000 of the fund, no part of which he has accounted for or paid over as directed by the decree, but the whole of which he has denied that he ever received at all," the petition states. "By the efforts of Lipscomb I have been indicted for having converted the money as the property of the distributees, but have been found not guilty and acquitted of that charge."

The Troubles in the Caucasus.

The body of Gen. Prince Amila Khoori, former governor general of Baku, who was intrusted recently with a special mission to the Caucasus, is lying in a house near Tiflis. Disorders are expected at the funeral.

Both the administration and the Christian population are much surprised that the Tartars should be so well armed. In many districts the ammunition of the troops has been exhausted, while the Tartars still have an ample supply.

Mr. Hay and the Canal.

While in Washington yesterday Representative James Hay, of Virginia, announced his purpose to start an investigation of the Panama canal expenditures. He proposes to put it up to the administration the very first of the session to show what has become of the millions disbursed toward construction work. Mr. Hay has been studying the canal situation a little on his own hook. By the time Congress meets he hopes to have considerable information at hand on the subject.

"I am not charging that anybody is guilty of malfeasance or misfeasance in connection with Panama affairs," said Mr. Hay. "But the fact remains that a great deal of money has been expended down there and that little or no progress has been made in the actual work of digging the ditch. I want Congress to have all the facts before it when we take up the question of issuing canal bonds, which will have to be considered this winter.

The Armistice.

Gen. Fukushima, representing Field Marshal Oyama, and General Ovanovski, representing General Linevitch, met at Shaboth station, north of Chantulu, at 10 o'clock yesterday morning. They will probably require several days to arrange the details of the armistice, in accordance with the terms of the protocol signed by the plenipotentiaries.

The protocol of the armistice between Japan and Russia—

Fixes the zone of demarcation between the two armies in Manchuria as well as in in the Tumen region.

Provides that the naval forces of one of the belligerents shall not bombard territory belonging to or occupied by the other.

Provides that no new reinforcements shall be sent forward, and sets forth that maritime captures will not be suspended during the armistice.

Must Drop Negro Member.

Unless Freedom Lodge, Knights of Pythias, of Worcester, Mass., at once drops from its membership the name of Leander S. Gilliam, who is said to be a negro, it must be declared in contempt of the Grand Lodge and be subject to suspension and the loss of its charter. When it was learned that Gilliam, who is very light of complexion, was really alleged to be a negro, K. Warner Kelso preferred charges against Freedom Lodge. The charges were heard by the board of decisions for the domain of Massachusetts in Worcester, August 19. The finding sustained the charges against the lodge and the mandate was issued to the lodge to drop the member the board alleged to be a negro from the rolls. It was from this finding, order and mandate that the lodge appealed to the Supreme Chancellor, Charles E Shively, of Indiana, who has just made his decision public.

Mr. Bendheim Appointed Clerk.

As will be seen by the following letter Judge Barley, of the Corporation Court, has appointed Mr. Charles Bendheim clerk of the court of this city, to fill the vacancy cause by the death of Mr. J. S. Beach.

September 14, 1905.

Hon. Charles Bendheim, Alexandria, Virginia.

Dear Sir—A vacancy having occurred in the office of Clerk of the Corporation Court of this city, through the lamentable death of the late John S. Beach, it devolves upon me as judge of said court, to appoint his successor for the unexpired term, which extends to January 1, 1907. I have given the matter of this appointment my most careful consideration, and being actuated solely by what I conceive to be for the best interests of the office, the court, and the community at large, I have determined to tender the same to you, expressing the hope that you will see your way clear to accept the appointment.

In tendering you this appointment I am not unmindful that there are other worthy applicants, but I believe you to be peculiarly fitted for the position. I am aware that retiring from the practice of your profession will entail upon you some loss as well as embarrassment, for which I hope that the acceptance of this appointment will justly compensate you.

I send this by special messenger and ask for an early reply.

Very truly yours,

LOUIS C. BARLEY, Judge.

Mr. Bendheim is a well-known and popular lawyer of this city, who will, should he accept the position, devote his time and talents to the duties of the office for which he is in every way qualified.

Will Use New Depot Tomorrow.

As has heretofore been stated, the new union depot, adjoining this city, which will be used by all passenger trains of the Southern, Washington-Southern and Chesapeake and Ohio roads, will be put in use tomorrow. The first train to leave the new station will be southbound passenger train No. 39, which reaches here from Washington at 4:49 a. m. The last passenger train which will pass over the Fayette street track will be northbound passenger train No. 40, which will reach this city between 11 and 12 o'clock tonight. The new depot is not entirely completed, and the temporary structure to the east of the new tracks will be used for a few days. Henry and Fayette streets, over which trains have been running for over forty years, will be relieved of considerable traffic after today.

It has not been definitely stated what disposition will be made of the Henry street track after tomorrow. Supervisor Rice, of the Washington-Southern Railway, has notified one of the gatekeepers to remain at his post until tomorrow night at which time other arrangements would be announced. The freight depot will be continued on Fayette street for a time, but it is believed that eventually everything in connection with the road will be removed to the new depot.

All baggage which may be at the Fayette street depot tonight unclaimed will be removed to the new depot.

Funerals.

The funeral services over the remains of the late John S. Beach were held at 7 o'clock this morning at the residence on north St. Asaph street. Rev. Messrs. Stump and Ewell officiated. Alexandria-Washington lodge of Masons and members of the Bachelor Club were in attendance, as well as many friends and relatives of the deceased. Later the remains were escorted to the Fayette street depot where they were placed aboard a south bound Washington-Southern Railway train and taken to Lorton Valley, Farfax county, where the interment took place with Masonic honors. The pallbearers were the following, representing the Court, the Masonic fraternity and other friends of the deceased: Judge L. C. Barley and Messrs. N. S. Greenaway, C. H. Callahan, T. W. Robinson, DeW. Aitcheson and Chas. W. Duffey.

The funeral of Mrs. Julia A. Atwell took place this afternoon from the residence of her son, Mr. E. Atwell, on King street, between Payne and West. The services were conducted by Rev. Mr. Ewell and were attended by relatives and friends of the deceased. There were a number of floral offerings, among them a beautiful piece representing "The Gates Ajar," sent by employees of the electric railway company. The pallbearers were Messrs. Robt. W. Arnold, R. H. Cox, Geo. W. Keys, O. J. Nugent, Sidney Wollberg and Joseph Dreifus.

Death of William Dade.

William Dade died at the home of Mrs. Frank Pyles, at Dawsonville, Md., yesterday, aged 78 years. Mr. Dade served in the Confederate army, in the First Maryland Regiment. After the war he became a schoolteacher in Montgomery county, Md. His father was Col. Robert Townshend Dade, captain of militia in 1812 and went to the defense of Baltimore city. Colonel Dade was the the son of Rev. Townshend Dade, who was educated in England, and ordained by the Bishop of London in 1765, and after coming to this country became first rector of Christ Church, Alexandria, which numbered General Washington among its members. Rev. Mr. Dade continued in charge of this parish until 1778, when he moved to a tract of land known then as Friends' Advice, four miles from Boyds, Montgomery county, Md., where his only son, Col. Robert Dade, the father of William Dade, was born.

River Notes.

The steamer Washington, which arrived up this morning from Norfolk, reports a heavy blow in Chesapeake Bay last night. The steamer, however, was not materially delayed by the head wind and heavy sea.

The barge Fannie, with laths for Washington, and the Lily of the West, with lumber for Fort Washington, have departed from Smoot & Co's wharf.

Personal.

Mrs. Sarah A. Dix was paralyzed at her home on Pitt street last night.

Mrs. Annie Schwab Smith, after a delightful trip to Chesapeake Bay resorts and Baltimore, has returned to her home in this city.

Miss Emma Konig, daughter of Councilman George Konig, of Baltimore, Md., is visiting Miss Maggie Schwab on north Royal street.

Mr. C. C. Carlin has received a letter from Mr. J. Taylor Ellyson, chairman of the democratic State committee, ask him to take the stump in the present campaign and speak under the direction of the State committee. Mr. Carlin has accepted the invitation.

Mr. Lewis H. Machen has been invited by State Chairman Ellyson to speak during the campaign and on Monday next will address the voters of Culpeper.

Mr. A. C. Wyckoff, now of Laurel, Maryland, is in the city on a short visit to his many friends.

It is positively announced that Mr. N. S. Greenaway will be a candidate for clerk of the courts, subject to the decision of a democratic primary.

New Wharf in Service.

Smith's wharf, the new landing on the Potomac in King George county, about forty miles down the river, is now in service, and the river line steamers are making regular stops there. As yet only the pier head and warehouse are completed, and communication with the land is maintained by a large scow. The work of building the wharf out from the shore to the pier head is being pushed and will be completed in a short time. Smith's wharf takes the place of Stiff's that was destroyed by ice last winter, and will be a large shipping point to this city.

Struck by a Train.

Henry Perry, colored, was struck by a train on the Washington-Southern Railway near Brickhaven last night and seriously injured. Perry managed to regain his feet, however, proceeded toward the station at Arlington Junction, intending to board an electric train for this city, but fell between the tracks and was unable to rise. A southbound train came along later and the motorman saw the man and stopped the cars. Perry was placed on the train, brought to this city and taken to the Alexandria Hospital, where it was ascertained that his hip had been dislocated.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

John Jordan, colored, arrested by Officers Smith and Ferguson charged with cutting Ed. Williams, had his case continued.

James Bell, colored, arrested by Officer Henderson charged with being drunk and disorderly, was fined $5

William Levell, arrested by Officer Smith charged with assaulting Gustave Levell, was fined $5.

Committee Meeting.

The committees on streets and general laws met last night when State Senator Machen appeared and explained the proposition which he will present at the next meeting of the Legislature in reference to amending the State constitution so as to allow cities to levy taxes upon property abutting on streets where improvements are made. The committee approved the plan and directed the city attorney to draw up an ordinance embracing Mr. Machen's proposition, which will be submitted to the City Council.

Democratic Committee.

It is understood that a meeting of the city democratic committee will be held in a day or two to make arrangements for holding a primary to nominate a candidate for Clerk of the Courts. All kinds of rumors are in circulation concerning the matter and of the probable action of the committee, but none of them are authentic, and the result will in all probability be a primary so that all the candidates can submit their claims to the voters.

A Fall Morning.

Early last night the wind began to blow fresh from the northwest, and soon clouds of dust were being hurled through the streets. The temperature began to fall, and before midnight conditions were chilly. The temperature this morning caused some to draw near stoves. Throughout the day a brisk northwest wind and clear weather has prevailed.

School Permits.

The clerk of the City School Board this morning commenced the issuing of permits to colored children to attend the public schools and during the day issued 355 such permits—158 to boys and 197 to girls. On the corresponding day last year, 371 were issued—162 to boys and 209 to girls. Permits will be issued to colored children again tomorrow.

Ran Car Into the Street.

A freight car was run from the Southern Railway depot into Duke street, between Henry and Fayette, between 4 and 5 o'clock this morning. It struck and demolished a telegraph pole, causing wire to fall upon houses on the north side of the street and occasioning considerable alarm among people living on that square. The car was considerably damaged,

Block System for Southern.

Assistant General Superintendent M. M. Richie, of the Southern Railway, states that the road will immediately install the block system on all six divisions of the Western district. The work of installation is already under way between Atlanta and Austell, Ooltewah Junction, Tenn., to Citico, and Atlanta to Macon.

A long blast of a locomotive whistle at the western end of the Wilkes street tunnel about 5 o'clock this morning awoke many people living in the vicinity, who supposed a fire was raging.

"Sign of the Cross."

"The Sign of the Cross," a play which has ever been popular, will be the attraction at the Opera House on Saturday evening. The play is unique because it deals successfully with a religious subject and at the same time tells a story that is so thrilling, so full of heart interest and intense human passion, that it appeals to all lovers of a sensational and spectacular stage presentation. The company that will be seen in this city is a very superior organization.

The Collector's Office.

The committee appointed to wait on Commissioner Yerkes tomorrow and protest against the removal of the Internal Revenue office from this city will leave here on the 10 o'clock train for Washington and proceed at once to the Treasury Department. The name of Mr. J. A. Marshall was omitted from the committee list yesterday.

Lived with Wives on Alternate Days.

Confronted by his two wives, Stanley Sobiezik was held for the Criminal Court in Chicago Tuesday on a charge of bigamy. He admitted that he had married each of the women in church and had been living with them on alternate days for the last year.

Mrs. Sobiezik the first was married to him 11 years ago. She is the mother of five children, four of whom are girls. The second wife was married to Sobiezik a year ago.

Neither of the wives seems to harbor any ill feeling against the man, and the women chatted pleasantly with each other as they sat in court. The two babies which they had held on their laps looked so much alike that several of the persons in the courtroom thought they were twins. When the hearing was finished Sobiezik called each of the wives to him and made both promise to visit him in the jail and bring the babies.

Sobiezik is a blacksmith and earns $12.50 a week. One evening he would spend with his first wife on Pauline street and on the next would visit his second wife in west Fifteenth street. To each wife he said he was paid extra by his employer to act as watchman every other night.

The Colonel's Waterloo.

Colonel John M. Fuller, of Honey Grove, Texas, nearly met his Waterloo, from Liver and Kidney trouble. In a recent letter he says, "I was nearly dead, of these complaints, and, although I tried my family doctor, he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold, and guaranteed to cure Dyspepsia, Billiousness and Kidney Disease, by E. S. Leadbeater & Sons, druggists, at 50c a bottle.

THREE JURORS CURED

Of Cholera Morbus with One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. G. W. Fowler of Hightower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Clebourne county, Alabama. He says: "While there I ate some fresh meat and some souse meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one twenty-five cent bottle cured the three of us." For sale by Gibson & Timberman and W. F. Creighton & Co.

A Laxative Cough Syrup.

"A cold or cough nearly always produces constipation—the water all runs to the eyes, nose and throat instead of passing out of the system through the liver and kidneys. For the want of moisture the bowels become dry and hard." Kennedy's Laxative Honey and Tar is the original Laxative Cough Syrup. It meets and corrects the above conditions, by acting as a pleasant cathartic on the bowels—expels all colds from the system and cures all coughs, croup whooping coughs, La Grippe, bronchitis, etc. Sold by W. F. Creighton & Co., 401 King street.
